Meeting Started: 10:06 am.

Kathy Frontino read Ma 11, 2018 Open Board Meeting minutes - Board accepted unanimously.

Bill Watkins gave a Road Report and said that they finished the vertical road sweeps. Now will go over the crossroads/laterals. Will access all the vertical roads, by Steve and note any impassable ones.

This last month finished Jungle King - Captains to Bottom. Kokokahi - Captains to Bottom - Bottom Rd. Kaleponi to Jungle King. Omeka - Captains to Bottom, Ohialani - Captains to Bottom. Middle Rd - Leila to Ohialani.

Bill reiterated how we all need to slow down even more during the rainy weather, to about 5-10 MPH.

They also did Upper Alii Kane where it joins our subdivision. We have irresponsible people racing in their trucks on the roads. If you can, try to get licenses and take pictures.

Had someone stand up and had concerns about Leila.  
(18-6-21) Imi motioned to appropriate \$25,000. For next months road work. Board - all in favor.

Bill Gray give Imi the correspondence paperwork regarding the Siren. And suggested we look into Contractor bids for complete pavement with Industry Standard Guidelines.

Mike Muench said more materials have been put on the roads, but since the weather had been bad the roads reflect this, and are looking bad.

Imi stated that we are trying to listen to the communities' suggestions.

Dennis Stern spoke about getting an excavating permit-there's a lot more involved in it than you know.

Imi mentioned the Nomination Committee dates coming up for the 2019 elections.

Mike Muench went over again on the ongoing car removal situation. We're still trying to work with the County through their program. But as of now we're looking at around \$300. Per car to remove it. And that County Council meetings should have representation from our community.

Dennis Stein talked about getting a cheaper source to remove these abandoned cars.

Tatiana was wondering about a bulletin board to be put up for info.

Meeting adjourned: 11:05 am.

Officers on duty: K. Ishii, B. Kahiwa (lady)
